### Remarks

Claims 1-3 and 7-17 are presented for the Examiner's consideration. Claims 1-3 and 7-17 are drawn to a composite comprising three layers. No new claims have been added. Claims 7-17 have been amended to delete the first occurrence of the word "web" because Claims 7-17 are dependent, initially or ultimately, from claims reading "a nonwoven laminate" rather than "a nonwoven web laminate". "Clean" and "marked" versions of these claims are submitted.

Pursuant to 37 C.F.R. § 1.111, reconsideration of the present application in view of the foregoing amendments and following remarks is respectfully requested.

Applicants wish to thank the Examiner for acknowledging receipt of the corrected formal drawings of Figures 5, 6 and 7 and for removing the previous objection to those drawings. Applicants also acknowledge with appreciation the Examiner's indication of allowable subject matter with respect to claims 11-15.
